

McLouis, just **starring.**

McLouis is the brand for those who are looking for a pleasant, modern and attractive design motorhome that makes them feel special.

Anticipating trends, dictating fashion: this is one of the goals of McLouis, which offers technical and trendy high-end solutions at a competitive price.

The history.

McLouis was born in 1999 when the number of people approaching the world of plein air was on the rise. Specialized in the production of motorhomes, semi-motorhomes and overcabs, McLouis is a spokesman of international taste, attentive to the dictates of fashion in terms of colours, materials, solutions. It offers a wide range of products with an attractive design, many different layouts to respond precisely to current trends.

McLouis has been able to accompany thousands of motorhome owners on their way to maturity, proving to be an excellent travel ally, whatever the destination.

Close to you, everywhere.

The McLouis sales network today consists of over 200 qualified distribution partners, spread throughout Europe. Through pre- and after-sales services, local staff and on-site distribution agencies, McLouis is able to satisfy even the most demanding customers.

the Mc4s of the 800 series are only available on Fiat mechanics

The vehicles in photo may be equipped with optional specifications.

Series **200**

comes in

The 200 series, designed for those taking their first steps in the world of itinerant tourism, offers 10 new layouts, 5 Glamys overcabs and 5 Mc4 low-profiles, also available with the option of electrically-operated elevating bed.

Practical, manoeuvrable and functional, the 200 series vehicles reflect the unmistakable McLouis style and are characterized by superior construction technology, a guarantee of safety and durability.

LIVING AREA

- Fabrics and imitation leather panels
- Panel with quilted fabric under elevating bed
- Two-tone wall unit doors in cream and brown colours
- LED profiles for dinette seats
- Dinette with swivel seats that integrate into the living area
- Polished laminate table with chrome profile
- Folding table in face-to-face models and central sliding table for other layouts
- Practical button on the floor to lower the table in the night conversion
- Roman blinds

KITCHEN

- Two-burner hob with large working space or three-burner hob*
- Drawers with push-lock opening and soft-closing system
- Spacious wall unit with shelf for pantry and stowage
- 142 litre refrigerator with separate 15 litre freezer and outer bottle drawer

SLEEPING AREA

- Windows and skylights for better lighting
- Real bed bases with slats for maximum comfort
- Breathable mattresses
- Large wardrobes and wall units for clothes and accessories
- Pleated door separating the living area from the sleeping area (where available)
- Maxi central beds 190x150 cm
- Conversion of twin beds into a maxi double bed
- Quilted imitation leather panel at the head of the bed

BATHROOM

- Large mirror with lighting
- Opaque double glazed window
- Spacious shower
- Independent shower with rigid door or integrated with rigid partition doors
- Stowage wall units and large shelves

*The Glamys 265, Mc4 231 and Mc4 239 models offer a single stainless steel hob with 3 burner cooking zone and integrated sink.

SERIES 200 STANDARD EQUIPMENT

ON-BOARD TECHNOLOGY

- LED interior lighting
- LED lights under the wall units
- LED dot on the handle at the entrance
- USB sockets in the living area
- Gas heating COMBI 4
- Heating in the overcab area

CHASSIS

- Fiat Ducato 2.3 MJ 120 CV, emission class EURO 6D
- Manual climate control
- Driver and passenger airbags
- Cruise control
- ESC Special motorhome
- ABS
- Cab swivel seats (where available)
- 15" steel wheel rims

EXTERIORS

- XL entrance door, with mosquito net
- Wide integrated step
- Double glazed windows, fly screen and blind
- XXL garage with load capacity up to 300 kg and double access. Illuminated and heated
- LED external light
- 5-year infiltration warranty

300

a round of applause for such a series

Dedicated to those who follow fashion but do not want to give up practicality and safety, the 300 series by McLouis offers modern, elegant and well designed living spaces.

It consists of 12 Mc4 low-profiles with elevating bed, available on Citroën and Fiat mechanics, and 7 Nevis motorhomes, on Fiat mechanics.

LIVING AREA

- Large windows and skylight
- Wide choice of upholstery fabrics
- Seat covers coordinated with the fabric upholstery
- Laminated cream and wood furniture
- Profile with LEDs
- Dinette with swivel seats that integrate into the living area
- Polished laminate table with chrome profile
- Folding table in face-to-face models and central sliding table with 360° rotation for other layouts
- Practical button on the floor to lower the table in the night conversion
- LCD TV bracket

KITCHEN

- Hob with three or two burners
- Extractor hood
- Drawers with handle and pull-out basket
- Spacious wall unit with shelf for pantry and stowage
- 142 or 149 l double door refrigerator with separate freezer

SLEEPING AREA

- Windows and skylights for better lighting
- Real bed bases with slats for maximum comfort
- Breathable mattresses
- Large wardrobes and wall units for clothes and accessories
- Pleated door separating the living area from the sleeping area (where available)
- Maxi central beds 190x160 cm
- Conversion of twin beds into a maxi double bed
- Manual sliding rails for central beds and garage

BATHROOM

- Large mirror with lighting
- Opaque double glazed window
- Shower tray with double drain
- Independent shower with rigid door or integrated with rigid partition doors
- Stowage wall units and large shelves

* Not available on Mc4 331 model

SERIES 300 STANDARD EQUIPMENT

ON-BOARD TECHNOLOGY

- LED interior lighting
- LED lights under the wall units
- LED dot on the handle at the entrance
- USB sockets in the living and sleeping area
- Gas heating COMBI 4

CHASSIS

- Fiat Ducato 2.3 MJ 140 CV and Citroën Jumper 2.2 140 CV for MC4
- Fiat Ducato 2.3 MJ 140 CV for Nevis
- Manual climate control
- Driver and passenger airbags
- Cruise control
- ESC Special motorhome
- ABS
- Cab swivel seats
- 15" steel wheel rims

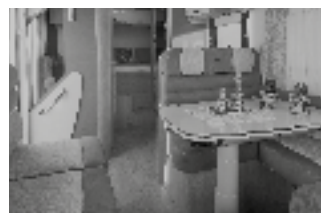

EXTERIORS

- Painted bumpers
- Sun roof on Mc4 low-profiles
- Two-point entrance door with central locking. With fixed window and integrated dustbin
- Entrance door flyscreen
- Double glazed Seitz windows, fly screen and blind
- XXL garage with load capacity up to 300 kg and double access. Illuminated and heated
- LED external light
- 5-year infiltration warranty

The mass in running order includes the weight of the empty base vehicle, of the driver (75 kg), 100% of the fuel (60-l tank), fresh water (tank filled with 20 l while travelling), and aluminium gas cylinders (max.15 kg) filled to 90% of their capacity, and tolerance specified in the type-approval (+/- 5%) (2007/46/EC). Anything not included in the standard version of the vehicle, both living unit and chassis, results in an increase in weight in running order with resulting decreased payload up to the possible reduction of approved seats in the case of the total weight for the available payload value. The available payloads result from the difference between maximum permissible mass and running order mass and have a tolerance of 5%. During the purchase phase it is necessary to check the weight of the options to be installed on the vehicle.

Series 800

**perfect for those who want to
get notice**

The 800 series satisfies even the most demanding with its generous standard equipment, ample stowage space, excellent on-board technology and stylish details that design a modern and sophisticated ambience.

The choice is between 12 low-profiles with elevating bed and 7 motorhomes: from the most compact models to the most spacious ones, the environment is comfortable, elegant and well organized to offer the maximum of well-being both on the move and during your stay.

LIVING AREA

- Large windows and skylight
- Wide choice of upholstery fabrics
- Seat covers coordinated with the fabric upholstery
- Two-tone furniture with central band in polished wood
- Profile with LEDs
- Dinette with swivel seats that integrate into the living area
- Polished laminate table with wooden edge and chrome profile
- Curved table leg with LED lighting
- Folding table in face-to-face models and central sliding table with 360° rotation for other layouts
- Practical button on the floor to lower the table in the night conversion
- LCD TV bracket

KITCHEN

- Hob with three or two burners
- Extractor hood
- Drawers with handle and pull-out basket
- Kitchen panel equipped with spice rack and useful hooks
- Storage hatch recessed in the floor
- Spacious wall unit with shelf for pantry and stowage
- 142 or 149 l double door refrigerator with separate freezer

SLEEPING AREA

- Windows and skylights for better lighting
- Real bed bases with slats for maximum comfort
- Breathable mattresses
- Large wardrobes and wall units for clothes and accessories
- Padded panel with storage pockets at the base of the bed
- Rigid door separating the living area from the sleeping area (where available)
- Maxi central beds 190x160 cm
- Conversion of twin beds into a maxi double bed
- Manual sliding rails for central beds and garage
- Beds in dinette (where available)
- Audio diffusion in the sleeping area

BATHROOM

- Large mirror with lighting
- Opaque double glazed window
- Spacious shower with double drain
- Independent shower with rigid door or integrated with rigid partition doors
- Stowage wall units and large shelves

* Not available on Mc4 831 model

SERIES 800 STANDARD EQUIPMENT

ON-BOARD TECHNOLOGY

- 2 DIN radio with steering wheel control
- LED interior lighting
- LED lights under the wall units
- LED dot on the handle at the entrance
- USB sockets in the living and sleeping area
- Gas heating COMBI 4

CHASSIS

- Fiat Ducato 2.3 MJ 140 CV
- Manual climate control
- Driver and passenger airbags
- Cruise control
- ESC Special motorhome
- ABS
- Cab swivel seats
- 15" steel wheel rims

EXTERIORS

- Painted bumpers
- Sun roof on Mc4 low-profiles
- Two-point entrance door with central locking. With fixed window and integrated dustbin
- Entrance door flyscreen
- Double glazed Seitz windows, fly screen and blind
- XXL garage with load capacity up to 300 kg and double access. Illuminated and heated
- Openable bands with maxi-garage
- LED external light
- 5-year infiltration warranty

S= standard O=optional - = not available VTR= Fibreglas

The mass in running order includes the weight of the empty base vehicle, of the driver (75 kg), 100% of the fuel (60-l tank), fresh water (tank filled with 20 l while travelling), and aluminium gas cylinders (max.15 kg) filled to 90% of their capacity, and tolerance specified in the type-approval (+/- 5%) (2007/46/EC). Anything not included in the standard version of the vehicle, both living unit and chassis, results in an increase in weight in running order with resulting decreased payload up to the possible reduction of approved seats in the case of the total weight for the available payload value. The available payloads result from the difference between maximum permissible mass and running order mass and have a tolerance of 5%. During the purchase phase it is necessary to check the weight of the options to be installed on the vehicle.

CATALOGUE.****

McLouis is VAN as well!

Great news for the Menfys van range, discover them in the VAN 2021 CATALOGUE.

The journey continues...

Follow the next destinations on our YouTube channel and stay up to date with McLouis news.

The masses indicated in this catalogue refer to the provisions of European Directive 2007/46/EC.

MASS IN RUNNING ORDER

It includes the weight of the empty base vehicle, of the driver (75 kg), 100% of the fuel (60-l tank), fresh water (tank filled with 20 l while travelling), and a gas tank for living purposes (20 kg).

The mass in running order, and consequently the payload and/or certified seats may vary depending on the accessories installed.

PAYLOAD

This consists of the difference between the maximum technically permissible laden mass and the mass in running order. It includes elements for living purposes, the transported passengers defined by the manufacturer (driver excluded), and the personal effects.

The payload calculation is based on the following parameters: 75 kg for each passenger (driver excluded), 10 kg of baggage for each passenger and for the driver, 10 kg for each metre of length of the vehicle, plus the remaining payload, which can be used for the installation of accessories or for additional baggage.

All masses and loads of the empty vehicle have a tolerance of +/- 5%, in compliance with Directive 2007/46/EC.

Any optional equipment increases the mass in running order and decreases the payload.

The weight of non-standard accessories is not included in the mass in running order indicated in this catalogue.

Additional accessories and devices reduce the payload by a quantity equal to their weight; the incidence of the weight of the individual accessories is shown in the special column in the technical data sheets or can be requested at our dealers.

In case certain accessories are installed (for example, additional elements such as coupling device or motorbike rack), the mass of these accessories will affect the payload, possibly reducing it along with the number of certified seats. Please note that the law does not allow the maximum permissible mass to be exceeded, which can be consulted under the specific heading of the data sheets.

Please make sure that the maximum loads on the axles and the maximum technically permissible load mass are not exceeded during the complete loading phase of the vehicle.

The regulations and requirements of each country may entail changes in the characteristics of this table.

The number of certified seats may vary depending on the traffic regulations in force in each country.

When driving, the fresh water tank must be filled to a maximum of 20 litres.

Sea S.p.A. operates with an Integrated Environment and Safety Management System.

Certificate number: ISO14001: 2939;
ISO9001: 11841

mclouis.com

McLOUIS reserves itself the right to change the characteristics and the furnishings of all its models with no advance notice required; all data contained in this leaflet must therefore be considered approximate and non-binding. Despite thorough checks of the contents, we cannot exclude possible printing and/or translating errors. This catalogue does not constitute contractual documentation. Any reproduction, including in part, of the test or of the content of this document is prohibited.

The indicated weights are exclusively approximated. Tolerances of $\pm 5\%$ are allowed. Generally speaking, special equipment and options increase the no-load weight and entail a reduction in the payload. We hereby decline any and all responsibility in case structural changes are made to the vehicle; any assembly, disassembly or changes carried out by unauthorised workshops may jeopardise your safety and cause the warranty clauses to be forfeited. For additional information on installation and technical details, please contact one of our dealers.
